An occasional newsletter - No 8: March 2019

The wedding season is certainly coming along quickly ... and we hope you are sorted in the hat department?

If not browse our on-line shop. We can search for you on-line to find just the right headpiece at the right price for you.

Remember your hat can be any shape, style or colour as long as it is 'green', ie, new-to-you. That's **Hat Trix** business and we do enjoy it so.

- Meeting our more local customers at fayres and other events near to our Shropshire base.

Hat Trix is on line: follow the link to our www.hattrixhats.uk where you will find all the current stock and a check-out accepting all payment types. Do contact us with enquiries at: shop@hattrixhats.uk. We shall respond within 2 working days.

The **Hat Trix** website has all our stock from which you can choose. We hope you will enjoy perusing current stock ... and indeed be tempted to buy. Should you want to try hats before purchasing, please contact us and we can arrange a fitting session. Send to: enquiries@hattrixhats.uk.

We have new fliers available for promotional purposes. We hope you like them and would thank our friends and neighbours who, last summer, modeled hats and fascinators, one of whom is now there on the flier. It's a good way of facilitating my neighbours to know each other better!

At fayres too we invite passers-by and other exhibitors to model for us. For the most part, few refuse and the majority enjoy trying on those headpieces that catch their eye! Every item comes alive when worn and dramatically alter the wearer's appearance – giving each a touch of glamour!

On a personal note, Katherine currently has her own hat dilemma as a close family member is marrying at the end of March. It seems so much easier to her offering advice and support customers than it is to choose an outfit and hat to wear herself! Should it be big, small, hat or fascinator?
